

The Arguably Dysfunctional Insights of a Kid from Brooklyn As a boy, Jake Ehrenreich wanted nothing more than to fit in. The reality of being the first American-born child of Holocaust survivors with thick European accents made him cringe, and he did everything he could to fit his vision of what it meant to be a real American. His expertise on the ball field, good looks, and extraordinary musical talent gained him popularity, but deep inside, he was uncomfortable with his identity and his family's haunting past. Only through his life-changing experiences—living a perilous rock n roll lifestyle, battling drug abuse, womanizing, coping with his mother and two sisters early-onset Alzheimers disease, finding love, fathering the only child who will carry on his family name, and then dealing with his beloved dad's courageous battle with Parkinsons disease—did Jake Ehrenreich begin to appreciate and honor his family's heritage as well as himself. Based on his hit show A Jew Grows in Brooklyn—which ran in the heart of Broadway and continues to entertain audiences nationwide and which the New York Times described as beautiful . . . touching . . . funny—these stories mine the same life-affirming voyage of self-discovery, while delving deeper into Ehrenreich's rich experiences.

Natural Disasters (Natural Disaster, third edition), The Embattled Constitution, Resolving Conflict Gods Way, Eyewitness: The Who, Dumfries & Galloway Curiosities, Current Research in Arts Medicine: A Compendium of the Medart International 1992 World Congress on Arts and Medicine, Whats News--Dow Jones The Story of the Wall Street Journal,
