

A Jewish tired of the hard life in a labor camp in Bulgaria finds a way to escape. Only this could be content for a novel. But Ilko Minev, also a Bulgarian immigrant was far beyond. His narrator, on the way to Brazil goes through Turkey where he meets the love of his life. The period in the ship is not easy, uncertainties about the future, past memories insist on the fight for space with dreams of a new life. The plan to go south is aborted with the breaking of the ship and a new beginning takes place in hot and humid Amazon region. This saga of life is both a love story and a great way to discover life in the lung of Earth. The author left the communist regime and his native Bulgaria, interposes facts of his life, with the lives of his uncles, these yes, did the ships path, beyond the stories that passed from mouth to mouth in the family, had access to daily, and events of his imagination. The book is also a manifesto for peace, unity among people and a celebration of love and nature.
