

Its here, the latest edition of the worlds definitive register of mobile drilling units, and its better than ever. For those not familiar with this important reference work, it is published every two years to provide a complete illustrated record of ownership, dimensions, specifications, equipment and performance data for every rig operating worldwide. As such, it has become the standard source of reference for anyone with an interest in exploration, field development, production and workover drilling. This, the new ninth edition, provides more information than ever, as a quick look at the contents will show. Weve also incorporated a range of handy indices to help readers locate data quickly. Perhaps more importantly, weve included a complete Directory of rig owners and managers to take you straight to the heart of the business. If drilling is your business then this new edition of Mobile Drilling Units of the World should always be close at hand. Contents Typically, information covers: ownership, classification, dimensions including drafts and displacements, drilling equipment, capacities, subsea systems, crange, mooring or jacking systems, helideck and accommodation. Total number of drilling units included 879 (including 109 newbuilds) Jack-ups 460 Semi-submersibles 198 Submersibles 7 Drillships 51 Drilling tenders 27 Lake / swamp barges 136 The Directory of rig owners and managers includes full contact information (addresses, email, telephone, fax etc) for 140 owners and 119 managers worldwide.
