

**BOOK #1: Wildwood Wisdom: Master Your Talent for Wilderness Survival** This book is about taking fundamental elements of survival in the wilderness to the next level – to learn advanced techniques for survival that will increase the reader’s odds in the wilderness. Regardless of physical stature, of socioeconomic status, this book will provide everyone with vital information for survival in the wilderness. Here is what you will learn after reading this book: Shelter - without shelter, you are exposed to the elements and when exposed to the elements for too long, you’re going to die. Water- techniques to gather potable water and obvious techniques to avoid water that will kill you. Food - techniques to gather food, some of the foods that are fit to eat and some that are not. Fire - key elements needed to have fire, you’ll learn how and where to build a fire to increase probability of rescue as well. **BOOK #2: The Survival Know How: Everything You Need to Know to Handle the Danger and Remain Alive in the Wilderness** What would happen if the world as we know it did meet a catastrophic end? Could you survive in the wilderness or living in the wild? What would you do if you were stranded in the wilderness? These survival skills, along with others, are good for more than living in the wild. You can also use the skills in times of natural disaster. If you’ve ever wanted to learn how to survive in the wild, now is the time. This ebook will walk you through the basic things you need to know to stay alive. You will learn: How to set several basic traps How to make a fish trap Commonly found edible plants How to distill your own water How to smoke and dry your meat **Geting Your FREE Bonus** Download your copy of Survival Know How Box Set by scrolling up and clicking Buy Now With 1-Click button.
